Subject: Uber is beneficial for people in South Carolina

We don't understand why the PSC issued an order directing Uber to cease and desist operations. We do not drive a vehicle for Uber but I have taken advantage of their safe, affordable, and reliable rides. We expect you to work closely to find a permanent solution for ridesharing in the state. Uber has set the standard for consumer safety in South Carolina. All uberX rides are insured up to \$1,000,000, which is 20x the \$50,000 required of taxis in the state, and all drivers on the uberX platform must pass background checks at the county, state, and federal level before they are able to drive on the Uber platform. Uber's commitment to safety exceeds the current state requirements, which is why we are surprised and disappointed by the actions of the PSC. Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on Uber for safe, low-cost rides. We trust you will consider rescinding or revoking the subject order.

Respectfully,

Lee & Sheila Larrew

To whom it may concern,

I got a guy that works for me part time, he runs an Uber Cab to help supplement his income. He has a wife and 2 kids. And he's earning honest money, and taking care of his family!

AND YOURS!!!

Yes I said yours! How you ask?

Because his most profitable fares, and profitable times, are from party goers, and late night bar hoppers.....how many lives do he think he may have saved, keeping intoxicated drivers off the road?!

Why would anyone want this service to stop?!

Sir or Madame:

Uber is a more reliable and safer alternative to cabs. The drivers are better AND the vehicles are much cleaner than cabs. I've utilized and been very satisfied with the Uber services in other cities. They also are more apt to show up for a customer quicker than local cabs. Please don't shut down this service as healthy competition is great for any city and industry.

Thanks,

To whom it may concern:

My husband and I have utilized Uber for safe, reliable, and affordable transportation on many occasions. We were very pleased to have access to such a wonderful option that also gives individuals the opportunity to earn extra while helping others. I can't imagine that South Carolina would deprive it's residents of this wonderful service. I think you should reconsider the ban on Uber for everyone's sake.
